

To whom it may concern:

Hello, I listen to the radio station, "K-LOVE," and I recently received a notice that this radio station may be taken off the air, or the signal may be lost in my area. I listen to 91.1, and I would just like to tell you how much this radio station means to me.

As you may know, KLOVE is a Christian radio station. Years ago as a struggling Christian, I and my family have found this radio station, and have since been encouraged each day, both spiritually and emotionally. My mind is more focused on the absolute, most important person- God. When I heard that the radio station could possibly be taken away from me, i was devastated. It not only helps me, but helps thousands upons millions of people throughout the U.S. Instead of listening to the music of this generation, which revolves around sex, drugs, love lost, love found, etc, etc, which do not promote good morals or feelings in people. For those people that do listen to that, it is not a problem for me, but what is a problem is that if I also have to listen to such music instead of my "positive, encouraging KLOVE" I will lose something very important to me. Many songs on KLOVE are sung in church, and it's so much easier to sing, when you know, "Oh, I hear that all the time on KLOVE." Sure, there may be more Christian music stations in my area, but the music played on KLOVE can be enjoyed by all, from the youngest to the oldest person, there is something for every Christian. I am a high school student, and I hear so many people singing some rap song, in which the words revolve around sex and profanity. Now, how encouraging is it to hear that? Hearing that, what direction are your thoughts led to? Sometimes when i hear that, i immediately replace the words i just heard with something that i heard on KLOVE that morning. A lot of times, I am not able to read the newspaper everyday and KLOVE keeps me up-to-date on news as well. Many of my friends and fellow church member listen to KLOVE and also enjoy what they hear. The radio station has a big impact on my community, and taking it away or replacing it with something else would devastate some, and leave many with frustration. I care about the well-being of my community and how we all are affected by the encouragment of KLOVE and the Message of our lord, Jesus Christ, and I ask that you please reconsider taking KLOVE off the air and/or replacing it with an LPFM. Thank you for your time. Sincerely,  
Katrina Basso of Merced, California
